Bale & Boat Wrap Recycling

Producers of industrial plastic in D/NE have three options for disposing of these materials:

Option 1:

Register with **Switch Energy Corp** for **free** recycling pick up of Bale Wrap, Boat Wrap, and Greenhouse Film. Minimum volumes apply.

Switch Energy Corp has a [recycling program](#) for Bale Wrap, Boat Wrap, and Greenhouse Film.

Once you enroll in the program Switch Energy Corp supplies large plastic bags for bundling your plastic which allows for ease of handling, segregating and preventing contamination.

They provide free pick up at your location once you have the minimum volume required.

You can contact the company representative Don Notts to enroll in the program. The website with all their information is www.switchenergycorp.com

Registering for free pick-up of bale wrap, boat wrap & greenhouse film saves you money and saves landfill space for everyone!

Option 2:

Transport your plastic to the **MATREC Transfer Station** in Beckwith Township (9271 Cavanaugh Road.)

They will accept the material for recycling at a cost of \$100 per metric tonne. Be prepared to show identification confirming you are a resident or property owner in DNE.

(Payment by Cash, VISA or MasterCard – no debit.)

Option 3:

Transport your plastic to the **Code Road Landfill** at a cost of \$125 per metric tonne. Be prepared to show identification confirming you are a resident or property owner in DNE.

Recycling saves you money!
