Subject: Proposed Large Scale Ground Mounted Solar Array

Recurrent Energy's project known as SmithsFall 2, which will be located on Buttermilk Hill Rd has been posted on the Ministry of Environment's EBR. This project was posted on August the 11, 2011 and comments from the public can be sent either through the Township to the Ministry or directly to the Ministry. All comments must be received by the Ministry of Environment by September 10, 2011. The Township was notified of this latest development on this project last Friday by Recurrent Energy. Please make sure that any comments sent via the Township are addressed specifically to the Ministry of Environment with EBR registry number 011-4399. Please find included with this letter the web site sheet regarding this project should you wish to respond via the internet.

In addition, please remember that Recurrent Energy Project SmithsFalls 4 will be holding public meetings on September 12th and 13th 2011, at the School in Port Elmsley from 6 pm till 8 pm. This renewable energy solar project is proposed to be located on Drummond Concession 1.

The Township would also like to thank the Ministry of Environment for accepting comments on the project known as Recurrent Energy Smithsfalls 2 located at Armstrong and Station Roads until August 15, 2011. There were a total of seven comments, passed on the Ministry of Environment via the Township.

Respectfully Yours,

Shawn Merriman
