Subject: Proposed Large Scale Ground Mounted Solar Array

This letter is to inform you, that a large ground mount solar has been proposed for development within two kilometers of your property in the Township. The Developer of these projects is Recurrent Energy and the Developer is having the second Public Meeting, as required by the Renewable Energy Approval Act, shortly in which both the Township and interested parties can attend. The first opportunity is on April 4, 2011 between 6 and 8 pm at the Perth Civitan Hall located at 6787 County Road 43. The second opportunity is on April 5, 2011 between 6 and 9 pm at the Perth Civitan Hall located at 6787 County Road 43. These projects are identified as SmithsFalls 2 which will be near the intersection of Buttermilk Road and Glenview Road and SmithsFalls 5 which will be near the intersection of Station Road and Armstrong Road.

The Township would request that the Building Department be informed of all concerns or support that you as a ratepayer may have regarding this project. The Township will keep all interested parties informed, as this project is discussed, considered, if and when approval occurs and how the project is progressing. Should a copy of the public meeting notices be desired or if you would like additional information that has been provided by the Developer this link can be found on the Township's website listed above. Please follow the links of notices through to public meeting notices and follow the links for reports for projects identified as SmithsFalls 2 and SmithsFalls 5 on Recurrent Energy's website.

Any and all comments and observations that you wish for the Township to be made aware of can be written to the Township care of the Building Department or emailed to cbo@drummondnorthelmsley.com with the subject line solar project.

Respectfully Yours,

Shawn Merriman
