9. OLD BUSINESS

Fire Chief Update (verbal)

- i) We purchased two 40 foot containers for South Sherbrooke Station. They will be set up as a mini training station. They will be used to practice fire techniques and ladder training. They will enable us to do a better job training in-house.
- ii) We will be replacing our current breathing apparatus at both stations this year. Last year we purchased a new compressor which increased power from 5 to 10 horsepower. The previous compressor was purchased 20 years ago.
- iii) Vulnerable Occupancy – we have 5 vulnerable occupancy homes in our area that require yearly inspections and fire drills. 2018 has been completed.
- iv) Trucks are getting their annual safety and service checks. Ladders are tested every 2 years – done last week.
- v) As Fire Co-coordinator for Lanark County, I attended a 3 day conference at The Ontario Fire College in Gravenhurst last week
- vi) PTSD – we are starting a Peer Support Group in Lanark County. Volunteers, from all Fire Departments in Lanark County, will be sent for training. We pay for the training but the rest is volunteer.
- vii) Medical Response Agreement – We do respond to Ambulance Assist calls if the calls are a minimum of 20 minutes away and life threatening. South Sherbrooke Station gets more of these calls. The Agreement was done in 2008 and needs to be reviewed at the County Level.
- viii) Councilor John Matheson will be attending Essentials of Municipal Fire Protection next week.

BBD&E Fire Station Chief Update (verbal)

- ix) BBD&E firefighters are doing Hazmat Awareness and Operations training for 2-1/2 months as part of NFPA training. Testing is done through the Ontario Fire Marshal's Office. The trainers from Carleton Place are excellent. Well received by firefighters.
- x) Last year BBD&E took Firefighter II training. South Sherbrooke took the Hazmat Awareness and Operations training.

South Sherbrooke Fire Station Chief Update (verbal)

- xi) South Sherbrooke took Hazmat Awareness and Operations last year and this year they are taking Firefighter II. The 3 new firefighters from BBDE are also taking this training.
- xii) Establishing a committee to set up the 2 training containers this spring for training. Training can be done locally instead of travelling to other centres.
- xiii) Extended an invitation for Councillors to come and watch the Firefighter II or any training which takes place every second Monday evening.
