PITCH- IN 2018

TM

Pitch-in volunteers set a great example
& teach their children well.

How to Volunteer for Pitch-In :

- > Select a stretch of roadside to clean up;
- > Find a few people to help you (for example, your family, your neighbors, members of your service club or church)
- > Choose a date in May 2018 for your clean-up;
- > Come into the municipal office and sign up;
We will give you specially marked Pitch-in bags to collect litter and recyclable materials;
- > When your clean-up is complete, set your garbage bags out for curbside collection, or leave them on the shoulder of the road & call the municipal office for pick up.
- > Take a photo of your roadside clean-up for the DNE Facebook page, and a photo of the most unusual roadside litter you found. [We'll enter you in a national competition for weirdest litter!]

Thank you, Oh Thank You!!

Pitch In!

The Council & Staff of the Township of Drummond/ North Elmsley would like to extend a big THANK YOU to all our amazing residents who participated in the 2018 Pitch-In clean-up on municipal, private, and county roads in the township this year. Braving late snow, cold weather, road construction and blackflies, an estimated 100 bags of garbage and recycling was collected from our roadsides by 50+ volunteers. Thank you for helping us keep our Township clean!

THANK YOU!

TM
