

Notice of Transportation Environmental Study Report Addendum

Detail Design and Class Environmental Assessment for the Reconstruction of Highway 7 in the Town of Perth, G.W.P. 75-99-00

THE PROJECT

The Ontario Ministry of Transportation (MTO) has retained the services of Egis (formerly McIntosh Perry Consulting Engineers Ltd.) and LEA Consulting Ltd. Joint Venture (Egis-LEA Joint Venture) to carry out the Detail Design and Class Environmental Assessment for the reconstruction of Highway 7 in the Town of Perth from approximately 1.3 km west of County Road 511 easterly to Wayside Drive West, approximately 4.5 km, County of Lanark. The study is following the approved planning process for a Group B undertaking in accordance with the *Class Environmental Assessment for Provincial Transportation Facilities* (2000), with the opportunity for public input throughout.

The Study includes:

- Resurfacing of the highway throughout the project limits;
- Widening of Highway 7 between County Road 511 and Perth Mews Mall and between Wilson Street and Drummond Street, approximately 2.5 km to accommodate a continuous two-way left turn lane;
- Construction of dedicated left turn and right turn lanes at the following intersections: County Road 511, Perth Mews Mall, commercial property at Wilson Street, Drummond Street West and Wilson Street;
- Construction of a left turn slip around for vehicles turning left in mainline Highway 7 onto Dufferin Road;
- Construction of a centerline left turn lane east of Drummond Street in an eastbound direction only to various businesses;
- Providing upgraded commercial entrances as required throughout the project limits;
- Closing Dufferin Road at Drummond Street West and Morris Road South at Highway 7;
- Construction of a new municipal roadway from Dufferin Road Southerly to Highway 7 with a new intersection at Highway 7; and
- Intersection improvements and widening at County Road 511.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e., requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g., require further studies), only on the grounds that the requested order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name for the ministry.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate, or remedy those potential adverse impacts, and any information in support of the statements in the request. This will ensure that the ministry is able to efficiently begin reviewing the request.

The request should be sent in writing or by email to:
